

Titan Quad and Promenade Project - Accessible Detours

Construction is now underway on a long list of improvements to the Titan Quad and Promenade, including fire lane upgrades to meet current fire codes. The construction fencing will surround the north quad and extend down the promenade to the south end of Langsdorf Hall through mid-May 2019.

East-West Pass-Throughs: Three accessible east-west walkways are available through the construction fencing to connect the east and west sides of campus:

- Along the south entrance to Pollak Library
- At the south end of the quad, just north of McCarthy Hall
- Along the Planet Walk between McCarthy Hall and Dan Black Hall
