Titan Quad and Promenade Project - Accessible Detours

Effective January 2019

Construction is now underway on a long list of improvements to the Titan Quad and Promenade, including fire lane upgrades to meet current fire codes. As of January 2019, construction fencing will affect the east entrance to Pollak Library, the quad and the walkway to the south end of Langsdorf Hall. Follow these tips to navigate the construction zone.

East-West Pass-Throughs: Two accessible east-west walkways are available through the construction fencing to connect the east and west sides of campus:

• At the south end of the quad, just north of McCarthy Hall
• Along the Planet Walk between McCarthy Hall and Dan Black Hall

North-South Accessible Routes: Travelers can cut through Dan Black Hall and Langsdorf Hall to travel to and from Nutwood Avenue and the main campus.

Travelling North and South on the East Side of Campus

• The bridge along the east side of Pollak Library is closed for construction.
• To travel north and south directly east of the Pollak Library bridge, use the bridge along the west side of the Education Classroom Building.

Travelling North from Nutwood Avenue to Campus

Dan Black Hall Option – Best for Reaching Buildings on the West Side of Campus

• Enter the east doors of Dan Black Hall. (Note: The Nutwood Avenue door is EXIT ONLY.)
• Turn left (west) and continue down the hallway.
• Turn right at Dan Black Hall’s center entrance and travel north to exit the building.
• Continue through the McCarthy Hall breezeway to the main campus.
• This route connects to both east-west pass-throughs.

Langsdorf Hall Option – Best for Reaching Buildings on the East Side of Campus

• Use Langsdorf Hall’s front entrance near the Nutwood Avenue fountains.
• Pass the elevators and turn right at the hallway.
• Turn left to reach Langsdorf Hall’s first-floor exit, adjacent to Admissions and Records.
• Proceed north to the east side of campus.
• This route connects to both east-west pass-throughs.

Travelling South from Pollak Library to Nutwood Avenue

Dan Black Hall Option – Best for Travelling from the West Side of Campus

• From the southwest corner of Pollak Library, travel south to McCarthy Hall.
• Enter and continue through the McCarthy Hall breezeway.
• Cut across the patio and enter Dan Black Hall.
• Continue travelling south to the Dan Black Hall emergency exit at Nutwood Avenue.
**Langsdorf Hall Option – Best for Travelling from the East Side of Campus**

- From the east side of Pollak Library, use the Education Classroom Building bridge and take the path south past Humanities and University Hall.
- Enter Langsdorf Hall’s first-floor entrance, adjacent to Admissions and Records.
- Turn right at the first hallway.
- Turn left to pass the elevators and continue out the exit to the Nutwood Avenue fountains.

**Entering Pollak Library**

- The west entrance to Pollak Library is open and fully accessible.
- The east entrance to Pollak Library is open, connected to a temporary path. Wheelchair users and visually impaired patrons, please do not use this path to access the library.
- The south entrance to Pollak Library is open from either side of the building. Wheelchair users should enter the building from the west side.
- Travelling from the east side of the library, wheelchair users and visually impaired patrons can access the south or west entrances to the building by using one of the east-west pass through routes through the construction fencing near McCarthy Hall or by looping around the north side of Pollak Library.

Wheelchair users and visually impaired students can contact Disability Support Services at [dssaccess@fullerton.edu](mailto:dssaccess@fullerton.edu) to provide accessible instruction support for construction directions. We appreciate your patience and support for this exciting campus improvement!
